

Application No.: 10/783,132  
Docket No.: UC0407 US NA

Page 5

### REMARKS

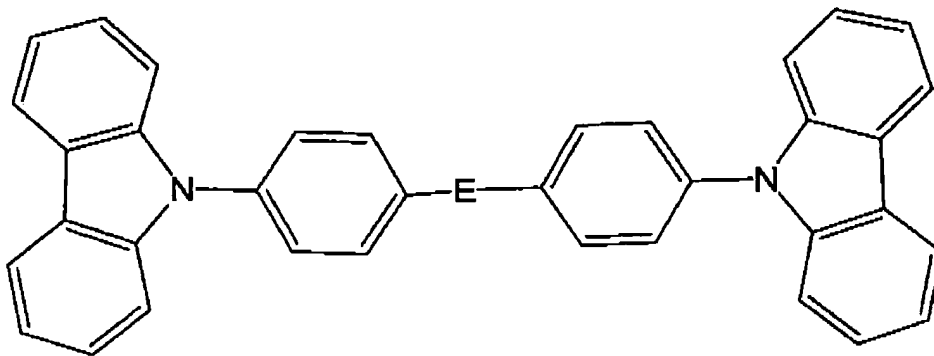

Claim 1 has been amended to delete the embodiment where  $E = (CR^1R^2)_m$ . Claims 5-8 have been deleted. Claim 17 has been added to recite the compound where  $E = (CR^1R^2)_m$ , and where  $R^1$  and  $R^2$  are selected from F, alkoxy, aryloxy, fluoroalkoxy, and fluoraryloxy. Support for this can be found throughout the specification, and in Claim 1 as originally filed. No new matter has been introduced.

The pending claims are 1-4 and 9-17. Claims 9-16 have been allowed.

### Rejection Under U.S.C. § 102

Claims 1-8 were rejected under 35 U.S.C. 102(e) as being anticipated by Oshiyama et al., US 2004/0115476.

Applicants respectfully submit that the amendment to Claim 1 has overcome this rejection. Oshiyama et al. does not disclose or suggest a compound having the formula

where E is selected from O, S, and  $(SiR^1R^2)_m$  wherein m is an integer of 1 to 20, and combinations thereof, as recited in Claim 1, as amended. Furthermore, Oshiyama et al. does not disclose or suggest the compound wherein E is  $(CR^1R^2)_m$ , and where  $R^1$  and  $R^2$  are selected from F, alkoxy, aryloxy, fluoroalkoxy, and fluoraryloxy, as recited in newly added Claim 17. Applicants respectfully request that this rejection be withdrawn.

### Conclusion

In view of the foregoing amendments and remarks, and the previous allowance of Claims 9-16, Applicants submit that the above referenced pending application is in condition

Application No.: 10/783,132
